EMERGENCY RULES

DEPARTMENT OF HEALTH

(Nursing Care Quality Assurance Commission)

[Filed January 6, 2023, 10:28 a.m., effective January 6, 2023, 10:28 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: WAC 246-840-365 and 246-840-367. The nursing care quality assurance commission (commission) is amending specific license requirements for advanced registered nurse practitioners (ARNPs). These amendments are necessary in response to the Coronavirus Disease 2019 (COVID-19) pandemic and the critical demand for health care professionals. Because a federal public health emergency is set to be in effect until at least January 2023, this extension will continue to reduce the burden on practitioners through the end of the federal public health emergency.

The rules in chapter 246-840 WAC provide regulatory requirements for registered nurses, licensed practical nurses, advanced registered nurse practitioners, and nurse technicians. These emergency rules remove barriers for license renewal for ARNPs returning to active practice, while permanent rule making is underway. This is the tenth emergency rule originally filed under WSR 20-10-014 in 2020 and continuing under WSR 20-14-065, 20-22-024, 21-04-005, 21-12-012, 21-19-092, 22-03-056, 22-11-047, and on September 9, 2022, as WSR 22-19-008. This filing does not differ from the previous filing. The commission anticipates this will be the last refiling of these emergency rules, as permanent rules codifying the emergency amendments will be adopted.

Citation of Rules Affected by this Order: Amending WAC 246-840-365 and 246-840-367.

Statutory Authority for Adoption: RCW 18.79.010, 18.79.050, and 18.79.110.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Essential functions including increasing and maintaining the availability of health care professionals must continue while taking necessary measures to help treat and prevent the spread of COVID-19 as permanent rule making is ongoing. The amendments remove specific barriers that nurses face to providing care in response to COVID-19. Waiving the restriction that ARNPs with an inactive or expired license must complete clinical practice hours while permanent rule making is underway removes barriers to reentering the health care workforce. More health care professionals will be available to continue responding to current demands because of these changes. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to protecting immediate public interests.
