**EMERGENCY RULES**  
**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 23-209—Filed September 21, 2023, 3:24 p.m., effective September 21, 2023, 3:24 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: This emergency rule opens Shrimp Management Subregion 1C on September 22, 2023, through October 15, 2023, following the conversion of unharvested trawl quota to the pot fishery.

Citation of Rules Affected by this Order: Repealing WAC 220-340-52000P; and amending WAC 220-340-520.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Permanent rules regulating state commercial shrimp harvest in Puget Sound and the Strait of Juan de Fuca require the adoption of harvest seasons contained in this emergency rule. This emergency rule is necessary to prosecute state commercial shrimp pot and trawl fisheries in Puget Sound. This rule allows harvesters to respond to dynamic changes in market conditions and promotes full utilization of both the commercial spot and nonspot shares. These rules are in congruence with comanager agreements. There is insufficient time to adopt permanent rules.
