PUBLIC NOTICE

**Announcing the Reissuance of the Aquatic Mosquito Control
General Permit**

The Washington state department of ecology (ecology) is reissuing the Aquatic Mosquito Control National Pollutant Discharge Elimination System (NPDES) and state waste discharge general permit (permit) on May 21, 2024. The permit becomes effective on June 20, 2024, and expires on June 20, 2029.

Purpose of the Permit: The permit addresses various legal requirements and responsibilities, and regulates the discharge of pollutants to protect water quality in Washington state. The permit authorizes the discharge of certain types of insecticides into state waters to control mosquitoes. The permit is a combined NPDES and state waste discharge permit that limits the discharge of pollutants to surface waters under the authority of the Federal Water Pollution Control Act (33 U.S.C. 1251) and limits the discharge of pollutants to surface and groundwater under the authority of the State Water Pollution Control Act (chapter 90.48 RCW).

Public Notice Process and Comments: Ecology accepted public comments on the draft permit from **November 15, 2023, through December 29, 2023**. Ecology held informational public workshops and hearings during this time via online statewide webinars on **December 19, 2023, and December 20, 2023**. Ecology received written public comments and emails. The comments and ecology's responses are included as Appendix B of the fact sheet.

Copies of the Permit: The final permit, fact sheet, and response to comments are available online at <https://ecology.wa.gov/mosquitopermit>. You may request hard copies from Jackie Lince at jackie.lince@ecy.wa.gov or 360-407-6600.

Applying for Coverage Under the Permit: Permittees conducting mosquito control activities under the existing permit that reapplied for permit coverage will be covered under the new permit. New or unpermitted mosquito control projects that discharge to surface water may obtain coverage under the permit by submitting a complete permit application to ecology and satisfying all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). The application is available online at <https://ecology.wa.gov/mosquitopermit>.
