EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 25-46—Filed March 18, 2025, 2:41 p.m., effective March 21, 2025, 8:00 a.m.]

Effective Date of Rule: March 21, 2025, 8:00 a.m.

Purpose: This emergency rule opens a portion of Quinault Special Management Area (SMA) to state commercial crab fishers.

Citation of Rules Affected by this Order: Repealing WAC 220-340-42000D and 220-340-45000W; and amending WAC 220-340-420 and 220-340-450.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is necessary to open a portion of the Quinault SMA, with a pot limit, to state fishers. Tribal SMA descriptions conform with state/tribal agreements and state/tribal discussions regarding in-season modifications. There is insufficient time to adopt permanent rules.
