**BASIS**

1. On December 10, 2025, the Governor issued Proclamation 25-07 declaring an emergency related to the December Atmospheric River and Winter Weather Event. The proclamation provides in pertinent part as follows (emphasis added):

I, Bob Ferguson, Governor of the state of Washington, as a result of the above-noted situation and under Chapters 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency exists throughout the entire state of Washington, and direct that the plans and procedures in the Washington State Comprehensive Emergency Management Plan be implemented. State agencies and departments are directed to utilize state resources in accordance with the Washington State Comprehensive Emergency Management Plan and to do everything reasonably possible to assist affected political subdivisions in an effort to respond to and recover from this extreme weather event.

2. The geographical extent of this emergency order is all areas of the state affected by flooding, landslides, mudslides, bank erosion, or wind damage as a result of the Atmospheric River and Winter Weather Event of December 2025 including, but not limited to, Whatcom County, Skagit County, Snohomish County, King County, and Lewis County.

3. The December 2025 Atmospheric River and Winter Weather Event has harmed or threatened to harm the property, safety and welfare of Washington citizens who have lost homes and other property or whose lives or employment have been otherwise disrupted by the December 2025 Atmospheric River and Winter Weather Event in the state of Washington.

4. RCW 48.02.060 (4) (b) and (c) provides in pertinent part that, when the Governor proclaims a state of emergency under RCW 43.06.010(12), the Insurance Commissioner may issue an order that addresses any or all of the following matters related to insurance policies issued in this state: (b) grace periods for payment of insurance premiums and performance of other duties by insureds; and (c) temporary postponement of cancellations or nonrenewals.

5. RCW 48.02.060(5) provides that an order by the Insurance Commissioner under subsection (4) of this section may remain effective for not more than sixty (60) days unless the Insurance Commissioner extends the termination date for the order for an additional period of not more than thirty (30) days. The Insurance Commissioner may extend the order if, in the Insurance Commissioner's judgment, the circumstances warrant an extension. An order of the Insurance Commissioner under subsection (4) of this section is not effective after the related state of emergency is terminated by proclamation of the Governor under RCW 43.06.210. The order must specify, by line of insurance: (a) the geographic areas in which the order applies, which must be within but may be less extensive than the geographic area specified in the Governor's proclamation of a state of emergency and must be specific according to an appropriate means of delineation, such as the United States postal service zip codes or other appropriate means; and (b) the date on which the order becomes effective and the date on which the order terminates.

6. Emergency action by the Insurance Commissioner is necessary to protect the property, safety and welfare of Washington citizens affected by the December 2025 Atmospheric River and Winter Weather Event in the state of Washington.

**ORDER**

**NOW, THEREFORE**, the Insurance Commissioner hereby activates the provisions of RCW 48.02.060 (4) (b) and (c) in order to protect the property, safety and welfare of Washington citizens affected by the December 2025 Atmospheric River and Winter Weather Event in the state of Washington, as set forth above.

This Order shall remain in effect until February 12, 2026, subject to the further order of the Insurance Commissioner extending its effect.

**THIS ORDER IS EFFECTIVE IMMEDIATELY AND IS ENTERED** at Olympia, Washington, this 15th day of December, 2025.
