Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The purpose of this rule making is to propose amendments to the fees for contractor registration, electrical, elevator, factory assembled structures, and plumber rules. The proposed amendments would increase fees by the fiscal growth factor of 6.51 percent for fiscal year 2027. This rule making also makes house-keeping changes to correct a \$0.10 error in the electrical rules for the exam nonrefundable fee.

Reasons Supporting Proposal: The fee increase is necessary to cover increased operating expenses for the programs. The current fee levels are insufficient to cover current program expenses.

Statutory Authority for Adoption: Chapters 18.27, 19.28, 70.87, 43.22, 43.22A, and 18.106 RCW.

Statute Being Implemented: Chapters 18.27, 19.28, 70.87, 43.22, 43.22A, and 18.106 RCW.

Name of Agency Personnel Responsible for Drafting: Gerald Brown, Program Manager, Tumwater, Washington, 360-999-0592; Melissa McBride, Program Manager, Tumwater, Washington, 360-902-5571; or Wayne Molesworth, Program Manager, Tumwater, Washington, 360-480-5673; Implementation and Enforcement: Randy Littlefield, Acting Assistant Director, Tumwater, Washington, 360-584-8228.

A school district fiscal impact statement is not required under RCW 28A.305.135.

A cost-benefit analysis is not required under RCW 34.05.328. The rules are exempt from the cost-benefit analysis requirement under the Administrative Procedure Act. This rule proposal, or portions of the proposal, is exempt from requirements of the Regulatory Fairness Act because the proposal:

Is exempt under RCW 19.85.025(3) as the rules only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect; and rules set or adjust fees under the authority of RCW 19.02.075 or that set or adjust fees or rates pursuant to legislative standards, including fees set or adjusted under the authority of RCW 19.80.045.
