Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The proposed rule updates the publication date of federal rules adopted by reference under 40 C.F.R. Part 61 from 2025 to the most recently adopted 2026 version in WAC 246-247-035. The proposed amendment makes no changes to any requirements previously adopted, but the department must adopt the annual updated publication date into state rule to receive full delegation of the radionuclide air emissions program from EPA.

Reasons Supporting Proposal: The intent of RCW 70A.388.040 is to safely regulate the possession and use of radioactive material within the state of Washington. The intent of RCW 70A.388.050(5) is to reduce redundant licensing requirements. The rule meets the intent of the statutes by adopting requirements as stringent as the federal requirements in order for the department to have full delegation authority from EPA.

Statutory Authority for Adoption: RCW 70A.388.040 and 70A.388.050(5).

Statute Being Implemented: RCW 70A.388.040 and 70A.388.050(5).

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: Department of health, governmental.

Name of Agency Personnel Responsible for Drafting: Brian A. Sayrs, 111 Israel Road S.E., Tumwater, WA 98501, 564-669-3188; Implementation and Enforcement: Crystal Mathey, 309 Bradley Boulevard, Suite 201, Richland, WA 99352, 509-578-0843.

A school district fiscal impact statement is not required under RCW 28A.305.135.

A cost-benefit analysis is not required under RCW 34.05.328. The department did not complete a cost-benefit analysis under RCW 34.05.328. RCW 34.05.328 (5)(b)(iii) exempts rules that adopt or incorporate by reference without material change federal statutes or regulations, Washington state law, the rules of other Washington state

agencies, or national consensus codes that generally establish industry standards.

This rule proposal, or portions of the proposal, is exempt from requirements of the Regulatory Fairness Act because the proposal:

Is exempt under RCW 19.85.061 because this rule making is being adopted solely to conform and/or comply with federal statute or regulations. Citation of the specific federal statute or regulation and description of the consequences to the state if the rule is not adopted: The proposal would incorporate an updated adoption date for delegated sections of 40 C.F.R. 61, Subparts A, B, H, I, K, Q, R, T, and W in WAC 246-247-035.

Is exempt under RCW 19.85.025(3) as the rules are adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule.

Explanation of exemptions: WAC 246-247-035 incorporates federal rule changes and is exempt under RCW 19.85.061 and 34.05.310 (4)(c).

Scope of exemption for rule proposal:

Is fully exempt.
