AMENDATORY SECTION (Amending WSR 11-04-070, filed 1/28/11, effective 12/3/11)

WAC 468-270-010 Who sets the toll rates and ((exemptions)) toll rate policies? The Washington state transportation commission determines and establishes toll rates and toll rate policies, including exemptions, for state toll facilities in Washington.

AMENDATORY SECTION (Amending WSR 07-13-010, filed 6/8/07, effective 7/9/07)

WAC 468-270-020 Who collects the tolls? The Washington state department of transportation (WSDOT) is ((ultimately)) responsible for collecting tolls. However, ((the department)) WSDOT may contract with one or more independent toll collection companies to manage the day-to-day toll collection activities at its various toll facilities. All toll related revenues collected by any independent toll collection company through WSDOT are payable to the state of Washington.

AMENDATORY SECTION (Amending WSR 25-15-020, filed 7/7/25, effective 8/7/25)

WAC 468-270-040 How are the tolls determined and adjusted? ((In determining toll amounts, the transportation commission considers data and information provided by the department of transportation, public opinion and advice from any required citizen advisory committee.

(1) Tacoma Narrows Bridge. In accordance with chapter 47.46 RCW, the commission must consider the toll rate advice of the citizen advisory committee and must set toll amounts that cover the debt and operations and maintenance until the indebtedness is repaid as required by law.

(2) SR 520 Bridge. The commission must consider toll rates that will help maintain travel time, speed, and reliability on the corridor and must set and adjust toll rates to generate revenue sufficient and necessary to cover costs and obligations described in RCW 47.56.830 and 47.56.850.

(3) SR 99 Tunnel.

(a) The commission must consider toll rates that will help maintain travel time, speed, and reliability on the tunnel and must set and adjust toll rates to generate revenue sufficient and necessary to cover costs and obligations described in RCW 47.56.830 and 47.56.850.

(b) Effective July 1, 2022, and every three years thereafter, subject to review and potential adjustment by the commission, toll rates shall be set as follows:

(i) All two-axle *Good To Go!*TM toll rates shall increase by three percent, rounded to the nearest five cent interval.

(ii) All two-axle Pay By Mail toll rates shall be set to two dollars more than the revised two-axle *Good To Go!*TM toll rates.

(iii) All multi-axle *Good To Go!*TM and Pay By Mail toll rates shall be set equal to one-half the revised two-axle rates, multiplied by the number of axles up to a maximum of six axles, and rounded to the nearest five cent interval.

(4) I-405 and SR 167 express toll lanes.

~~(a) The commission must consider a schedule of toll rates that will maintain travel time, speed, and reliability on the corridor as described in RCW 47.56.850 and 47.56.880. The schedule adopted by the commission will allow toll rates to vary in amount by time of day, level of traffic congestion within the highway facility, and other criteria.~~

~~(b) The commission must set a minimum and a maximum toll rate, each subject to review on an annual basis or as needed to maintain performance requirements outlined in RCW 47.56.880.~~

~~(c) The commission must set an additional fixed amount to be added to the toll rate for vehicles that are not registered for a Good To Go!™ account who pay the Pay By Mail toll rate.~~

~~(5) Puget Sound Gateway facility (SR 509 Expressway and SR 167 Expressway).~~

~~(a) The commission must consider toll rates that will help maintain travel time, speed, and reliability on the Puget Sound Gateway facility (SR 509 Expressway and SR 167 Expressway) and must set and adjust toll rates to generate revenue sufficient and necessary to cover costs and obligations described in RCW 47.56.830 and 47.56.850.~~

~~(b) Effective July 1, 2030, and every year thereafter, subject to review and potential adjustment by the commission, toll rates shall be set as follows:~~

~~(i) All two-axle Good To Go!™ toll rates shall increase by 2.15 percent, rounded to the nearest five cent interval, but not by less than five cents.~~

~~(ii) All two-axle Pay By Mail toll rates shall be set to two dollars more than the revised two-axle Good To Go!™ toll rates.~~

~~(iii) All multi-axle Good To Go!™ and Pay By Mail toll rates shall be set equal to one-half the revised two-axle rates, multiplied by the number of axles up to a maximum of six axles, and rounded to the nearest five cent interval.) (1) The toll rates for each facility take effect upon commencement of the tolling program on each new toll facility. Unless otherwise required by law, the collection of tolls on a facility will remain in effect until changed by the commission. Toll rates will be reviewed and are subject to change at least annually and more often as necessary to ensure the toll revenue of each facility meets the payment requirements and/or traffic efficiency requirements for that facility.~~

~~(2) When setting toll rates or toll rate policies for an eligible toll facility, the commission shall:~~

~~(a) Issue a written public notice which states the commission's intent to set or adjust toll rates or toll rate policies on a given facility. At a minimum, the notice must be published on the commission's website at least 30 days before any proposed rates or policies take effect.~~

~~(b) Carry out a public outreach process on a possible toll rate option or options under consideration by the commission. At a minimum, a public outreach process shall:~~

~~(i) Include a description of the proposed toll rates and/or toll rate policies on the commission's website; and~~

~~(ii) Provide an opportunity for the public to submit comments verbally, electronically, or in writing.~~

~~(c) After review of options and public input, if any, the commission shall select the applicable toll rates and may adopt the rates as soon as needed at an open public meeting of the commission.~~

(d) Within one week of adopting toll rates, the commission shall notify the public and stakeholder agencies, including WSDOT, of the toll rates, and provide the updated information on its website.

(3) If the commission determines that immediate adoption of a toll change is necessary in order to comply with the legal or financial obligations of the state including, but not limited to, state or federal law, federal rule, federal grant conditions, or the bond covenants of the state, then the commission may adopt a toll change on an emergency basis, without observing the notice and public outreach and input requirements of subsection (2) of this section.

(4) In accordance with chapter 47.46 RCW, the commission must consider the toll rate advice of the citizen advisory committee on any proposed toll charge schedule for the Tacoma Narrows Bridge.

AMENDATORY SECTION (Amending WSR 25-15-020, filed 7/7/25, effective 8/7/25)

WAC 468-270-050 What toll facilities are currently subject to this chapter? ~~((Currently, the Tacoma Narrows Bridge, I-405 and SR 167 express toll lanes, SR 520 Bridge, the SR 99 Tunnel, and the Puget Sound Gateway facility (SR 509 Expressway and SR 167 Expressway).))~~
Tolled facilities, as authorized under chapters 47.56 and 47.46 RCW, are eligible tolled facilities and subject to this chapter.
