This serves as notice that the department of health (department) is withdrawing the CR-101 for WA HEALTH (statewide emergency and logistics tracking system), reporting of health system readiness data for acute care facilities and behavioral health agencies and facilities. This rule making considered creating a new chapter in Title 246 WAC and was filed on January 22, 2024, and published as WSR 24-03-126.

The department is withdrawing this CR-101 because the department is not pursuing mandatory reporting to WA HEALTH in permanent rule at this time.

Individuals requiring information on this rule should contact Tyler Nowlan, director of healthcare analytics, at 360-790-1453 or Tyler.Nowlan@doh.wa.gov.
